

Deepak Bhagat

deepak1@me.iitr.ac.in — +91-7678124123 — github.com/deepak0x

Education

Indian Institute of Technology, Roorkee, India

Jul 2023 – May 2027

B.Tech. in Mechanical Engineering

Govt. Co-Ed Sarvodaya Vidyalaya, Delhi, India

CBSE (Class XII) — Aggregate: **91.40%**

Shivani Public School, Delhi, India

CBSE (Class X) — Aggregate: **84.40%**

Work Experience

Zen Software Solutions Inc. | Software Engineer

Nov 2025 – Mar 2026

- Led development of **Trip Tracker by Zen** — enterprise **Flutter** app with **Odoo ERP**; live on **Play Store** and **App Store**.
- Implemented **offline-first** architecture with **background geolocation** and **FaceNet TFLite** face detection for biometric attendance.
- Built **REST API** backend handling trip tracking, attendance, and subordinate management for enterprise clients.

Eve | Founding Backend & Mobile Engineer

May 2025 – Nov 2025

- Built **Flutter** app from scratch as Founding Mobile Engineer; published on **Play Store & App Store** — meetwitheve.com.
- Engineered **12+ REST APIs** via **Django REST Framework**; deployed on **Google Cloud** with authentication and media support.
- Collaborated with ML team to integrate intelligent automation features, reducing user task completion time by **25%**.

Projects

EmbeddedChat – Rocket.Chat (Open Source) | GitHub

2025 – Present

An embeddable full-stack **ReactJS** component that drops live Rocket.Chat into any web app.

- Contributed features and fixes to **EmbeddedChat** and the **Rocket.Chat React Native** client (**React / TypeScript**).
- Worked with the public component API and reusable UI to extend chat embedding, theming, and message-rendering behaviour.

AI Interviewer | GitHub

2025

AI-powered live coding-interview platform with admin and candidate portals; **12th of 300+** at Innov8 3.0 (IIT Delhi).

- Built a full-stack **TypeScript** app with **real-time code sync** and role-based admin and candidate flows.
- Integrated an **AI interviewer** that generates questions and evaluates candidate answers live during the session.

Smart Traffic Monitoring | GitHub

2025

Computer-vision system for automated traffic-violation monitoring on live video.

- Built a **YOLOv8** pipeline that detects two-wheelers and matches riders to vehicles via **IoU** for violation tracking.

E-Summit Portal – IIT Roorkee | esummit.in

Oct 2025 – Feb 2026

Platform for IIT Roorkee's annual entrepreneurship fest, serving **2,500+ participants**.

- Built and deployed a **Django + PostgreSQL** backend handling **2,500+ registrations**; led the frontend team.
- Developed a **real-time control panel** for on-ground participant check-in, hostel allotment, and event-day operations.

Skills

Computer Languages: Python, C++, JavaScript, SQL

Software Packages: React Native, Next.js, Django, MERN Stack, Firebase, MySQL, PostgreSQL, AWS, Docker, Kubernetes, Flutter, Agentic AI, YOLO, Machine Learning, DSA

Academic and Extracurricular Achievements

- Selected among **2,000+** applicants for **Y Combinator Startup School '26** (India cohort, Bangalore).
- **Mentor** at **GirlScript Summer of Code (GSSoC) '26**, guiding open-source contributors across projects.
- Placed **12th out of 300+ teams** at **Innov8 3.0** (Eightfold AI Hackathon), IIT Delhi Rendezvous 2025, building an AI-powered technical interviewer.
- Ranked **3369/12,000+** in **Codeforces Round #1035 (Div. 2)**, solving complex data structures and graph problems.
- Awarded **Vidyamandir Scholarship (Top 1% of 10,000+)** for outstanding performance in JEE preparation aptitude test.

Positions of Responsibility

E-Cell, IIT Roorkee | Head of Tech

Apr 2025 – Present

- Led **technical planning** and **digital infrastructure** for **20+ high-scale events**, coordinating **cloud deployments** and backend systems for **2,500+ users**.

Competitive Programming | Online Judges

Jan 2025 – Present

- Secured a **3★ (1693)** rating on **CodeChef** (deeplogic); active on **Codeforces** (deepakbhagat) and **LeetCode** (deepak0x), showcasing proficiency in **data structures** and **algorithms**.
